NEW YORK SPACES

is proud to honor the Top 50 for 2017, its tenth annual listing of the New York Metropolitan Area's best and brightest in design and decoration. Heartfelt congratulations to each designer on the list. The remarkable beauty and variety of your work deserves to be celebrated, and so does the expertise that you bring to it. The exceptional talents and skills that you each extend to your clients, to your colleagues, and to the fields of interior design and architecture—and their great, ongoing traditions of multifaceted creativity—form the essence of this unique industry in which we all participate.

In your honor, fellow designers and vendors gather together for our annual gala event. It is a rare, wonderful occasion, enhanced and made memorable by the rewarding collegiality that so distinguishes the world of design.

This journal commemorates the collaborative, various, detail-oriented endeavor that is design. With profiles of each of the Top 50 designers, a compendium of their favorite resources, and a directory of select vendors, it encompasses the numerous individuals and firms who devote their finest efforts to serving their clients, their colleagues, and this industry at the highest level possible. We intend it to be both a lasting reference and a means to give back to an industry that so rewards us all.

Our deepest thanks to everyone who has helped make these festivities possible and the design world so special. Sincere appreciation goes to Ralph Pucci International, whose generosity and support is beyond measure. Our heartfelt gratitude to our sponsors, Benjamin Moore, Cambria USA, and Halstead. You have made this celebration—and the uncommon industry to which we belong—unforgettable.
