The Grace Romantic Sofa grounds the living room while the Hydra Drop-Shaped Floor Lamp and Parisienne Chair flank the Horizon Low TV Bench, delivering form and function in this versatile space; all from Calligaris. The Stephen De Staebler bronze sculpture is from the Dolby Chadwick Gallery, and the alpaca rug is from the Rug Company. Below: Element Hall Console Table from Calligaris.

BETH MARTIN 10C LIVING ROOM WITH CALLIGARIS

"I wanted to show that modern could be inviting, accessible, and warm," says San Francisco decorator Beth Martin. Her living room, with its deep-café walls, holds a mix of streamlined contemporary furniture from Calligaris

paired with vintage modern pieces and bold works of art. The floor-to-ceiling windows are covered in sheer woven shades that filter light softly through the space.

Beth Martin designed the Press Lounge with furnishings from Calligaris, including its Park Table, Even Chairs and Benches, L'Eau Chairs in Transparent Aquamarine, and a Magic J Coffee Table. The artwork is by Ana Teresa Fernandez.

In addition to the inspiring modern spaces, visitors to the MLCH were able to peruse portfolios created by each of the designers using Blurb.com; taste the 5 levels of flavor from Seattle's Best Coffee; and see iRobot's Roomba

Vacuums 700 Series in action, keeping the space looking clean, fresh, and modern. To learn more and see behind-the-scenes videos and 360° tours of the Modern Life Concept House, visit facebook.com/elledecorshowhouse.
