

CABINET DE CURIOSITÉ

Martyn Lawrence Bullard

Martyn Lawrence Bullard transforms what was once a gunroom into a Cabinet de Curiosité with delightful treasures collected from the Grand Tour of Europe and the East. The connective tissue that ties these collectibles together is the designer's spirited new fabric line. A bold Suzani pattern with an updated scale and color palette and an Indian-inspired design enliven walls and windows, creating a fresh backdrop for a world of unusual curiosities.
