A 3,000 SQFT BLACK PENTHOUSE IN MUMBAI

This black penthouse by interior designer Sanjyt Syngh proves dark colours belong at home

In this 3,000 sqft penthouse in Mumbai, interior designer Sanjyt Syngh has celebrated the darkest horse of the colour palette as the protagonist. In no way has he held back – this all black suite is bold, daring and positively sensual. Explaining this approach, he says, "This space was flooded with natural light so it gave us the confidence to go bolder than bold. I have a special relationship with dark colours. In this particular case, I have used black as a neutral base." A rarity for an Indian home.
