SPECIAL OFFER

The space **BEFORE** the transformation.

The wallpaper in this narrow room is special—a vintage design by Diego Giacometti for Clarence House. With the goal of creating a kid-friendly, creative space for the [San Francisco Decorator Showcase](#), designer [Regan Baker](#) incorporated the motif as the perfect backdrop.

The new room is playful—featuring colorful accents and a tailored tent by Dawson Custom Workroom. Movable pieces, like a round play table by Munson Joinery, large pillows, and poufs covered in leathers and burlap, complete the imaginative space.
