Platemark Design

Picture a Cambridge living room, bathed in light from a swath of windows. A handsome wood buffet rests along one wall. Bold modern artwork hangs above it, adding bursts of color to an otherwise neutral palette, bolstered by plush sofas in creamy beige. It's the type of tableau we've come to expect from creator Craig Tevolitz, of Platemark Design. Balanced. Refined. Exceptional. *45 Newbury St., Ste. 503, Boston, 617-487-4475, platemark.com.*
