Have you ever wondered why you're always drawn to certain specific colours? Why you invariably end up choosing the same colours might be because those hues relate to your zodiac sign. Each of the 12 sun signs are known to have their own special personality traits, likes, dislikes and habits. So why not compatible colours? Based on your zodiac, you could be attracted to hues that represent your inherent personality.

**Sign: Scorpio****Colours: Black, red and maroon**

Bold, passionate and intensely emotional, Scorpios are famous for their forceful personalities. They love power.
