A lounge is an informal area where you can lie or sit in a relaxed way. It can be a TV viewing space or simply an area to spend some quality time with family and friends. If you have a small space that you want to convert into a lounge, without making it look cramped or claustrophobic, take a cue from these small lounge room ideas. Not only do they make the most of different layouts, colours, light and so on, they show how you can 'lounge' large in a compact area.

### 3. Open up with colour

A combination of eclectic colour schemes visually connect different elements in this lounge. See how the pale-grey chaise gets a lift with alluring deep-green velvet armchairs and a funky bright yellow one. According to the designer [Sanjyt Singh](#), this small lounge doubles as the family room and is one of the most used areas in the house to relax or entertain.
