MICHAEL DEL PIERO GOOD DESIGN

Those seeking patina, texture, and one-of-a-kind pieces frequent this Bucktown shop for lessons in layering. Interior designer Del Piero is a master of the mix, blending rough materials and luxurious furnishings, juxtaposing ancient objects with modern elements. Her own creations, such as the Lake Forest daybed (shown), mingle with art by Lucy Slivinski and Dave Zarick and lighting by Andrew Stansell. 773.772.3000, michaeldelpiero.com
