What to Do Once You Have Decided to Try Wallpaper

Before you lay down a lot of cash, sit down with this advice for getting a wallpaper you'll love for years

Laura Gaskill 18 April 2019

It can add texture, colour, pattern or a painterly scene – even more so than paint, wallpaper can change the entire look of a room. But given the cost and the need for professional installation (a must), wallpaper can seem like a risky commitment. If you've been wanting to add wallpaper to your space but keep shying away, these 10 tips should help ease some of the fear factor. Armed with good information, you *can* find the right wallpaper for you.
